

ACT TEST PREP

ACT Test Prep Packages Include:

- One-on-one Coaching Sessions roughly weekly over 6-12 weeks leading up to your ACT exam (6-10 total; 90-min each) held at our office or via Zoom for clients located elsewhere.
- Course Binder and all weekly assigned practice exercises
- Baseline ACT Practice Exam: Required for anyone who's not taken an official ACT exam
- ACT Goals: set uniquely for you based on your baseline, aptitude and college aspirations
- Tools Website Access: custom-built site with video lessons, online quizzes, practice exercises and learning resources
- Full-length ACT Practice Exam: 1-2 weeks prior to your ACT exam date
- Online Progress Chart for students and parents to track progress
- To achieve your best results, students must complete 3-4 hours of assigned, at-home work between coaching sessions.

Why work for a higher ACT Score?

It is incredibly common for students who typically do well in school to struggle with the ACT. It's a unique test, so we teach unique strategies to help you effectively approach the test, including avoiding common ACT traps, time management, stress management and familiarity with the types of questions you'll encounter. There are three key reasons to aim for a higher ACT score:

- Better college options
- Increased chances for merit aid at your top-choice schools
- Earn an ACT score that matches your true academic ability
